TODAY IN DOMINION HISTORY.

October 17 is the date on which Hon. John A. Macdonald moved his measure for general secularization in 1854. Forty years ago today the federal commission appointed to investigate the Canadian Pacific matter presented its report, which resulted, after a heated debate in parliament, in the resignation of Sir John Macdonald. On this date in 1878 the new conservative ministry was formed, with Sir John Macdonald as prime minister. It is the anniversary of the surrender of General Burgoyne, who had marched with an army from Canada with the design of cutting off New England from the other colonies, at Saratoga in 1777.

INJURED IN DERAILMENT

Winnipeg, Oct. 17.—Miss Harper, Toronto, a passenger on the C. P. R. Toronto to Vancouver express, was injured slightly in a derailment which occurred to the train near Winnipeg on the Birds Hill Point. The injured lady was removed to the hospital where her injuries are declared as not serious. The derailed train was only delayed three hours.

VESSEL BURNING AT SEA.

Washington, Oct. 17.—The derelict British steamer "Templemore" which caught fire off the New England coast about 18 days ago, is still burning, according to a report to the revenue cutter service today. The cutter "Androscent" is towing the derelict at the rate of two knots an hour toward the coast.

PIMPLES SPREAD FROM ARMS TO WHOLE BODY

Also on Face. Began to Ooze Water-like Matter. Torture of Itchiness. Pimples Festered and Enlarged. Cured in Two Weeks, Thanks to Cuticura Soap and Ointment.

Mr. E. H. Ingalls, Inc., Montreal, Quebec, suffered from skin trouble for two months before taking Cuticura Remedies. The trouble started from itching on the back of the hands. When irritated, this itching turned to pimples. These pimples soon began to spread up the arms, from the arms to my whole body. They also came up on the face. Having spread over my body they became irritated by my clothing. They began to ooze water-like matter. Then came an almost killing torture of itchiness. When I scratched I seemed to scald the pimples and make them extremely sore. They festered and enlarged, then they opened and let out pus. These spots became scabbed and sore beyond expression.

"I sent for a sample of Cuticura Soap and Ointment which I received quicker than I expected. I was much relieved at the first application. I continued applying the Cuticura Remedies for two weeks, when I was completely cured, thanks to Cuticura Soap and Ointment." (Signed) John Jamieson, Mar. 6, 1912. Cuticura Soap and Ointment are sold throughout the world. Send to Foster D. & C. Corp., Dept. 523, Boston, U.S.A., for free sample of each with 25-page book.

WESTERN FREIGHT RATES CASE UP TO THE RAILWAY COMMISSION.

Once again the western freight rates case is set down for final hearing, this time the date being fixed as November 24 and western grain growers will again feel the stirring of the much-deferred hope that at last justice is to be done in the matter of freight tariffs west of the lakes.

The railway commission's handling of this case has consisted of one long series of delays. The claim set up by the provinces of Alberta and Saskatchewan was that in these provinces the railways charged a heavier rate per ton per mile than over eastern sections of the same companies' roads where the traffic was less dense and where the actual cost of operation and maintenance was lower. In this case British Columbia and Manitoba were joined by the order of the commission. Alberta and Saskatchewan, acting in conjunction, employed eminent legal counsel in the person of M. K. Cowan, one of the best railway lawyers in Canada. An enormous amount of evidence has been gathered, and for nearly two years now these two provinces have been ready to go to a final hearing before the commission. But for one excuse and another the case has been delayed, the commission, under the present Chairman Drayton, appearing to be unaccountably tolerant toward the failure of the railway lawyers to get ready their side of the case, and complaisant toward their demands for delay in the final hearing. The question at issue is one of the most important, from a western viewpoint, ever submitted to any tribunal, and in the event of a favorable verdict which, considering the evidence already in, is now almost a foregone conclusion, the aggregate saving to the west would run away up into the millions. Virtually, the railways have already lost their case. The only advantage which can accrue to them is through delay. Tolerance by the railway commission of any further adjournment after November 24 would leave little room for any other conclusion than that the charge that the commission, since Mabu's demise, has succumbed to political pressure has some foundation in fact. The case before the commission is a plain case of the people, as represented by Alberta and Saskatchewan, vs. the railways. It is up to Mr. Drayton and the commission.

MAYOR'S SURPRISING ATTITUDE TOWARD STREET RAILWAYMEN.

The surprising attitude of his worship the mayor toward the street railwaymen and their agreement is not by any means one which will promote harmony in civic employment, let alone between the mayor and the street railwaymen. In the negotiation of their agreement the men have been more than considerate. Their previous agreement ran out in August. This is now the middle of October, and they have been constantly engaged between these dates in an effort to secure the new agreement. Now, when an agreement is arrived at which must have been acceptable to the superintendent as he signed it, which must have been acceptable to the city solicitor as he signed it, which must have been acceptable to the other commissioners as they ordered it signed, and which the men showed their willingness to accept by signing, the mayor attempts to frustrate the whole negotiations by repudiating the agreement and by accusing his fellow-commissioners of spinelessness in having met the street railwaymen in the same spirit of conciliation which they as an organization evidenced such willingness to show.

Considering that in signing the agreement there was no loss of money to the city and no loss of his precious dignity to the mayor, his refusal to sign the agreement looks so much like an unwarranted affront that one is left wondering whether, carried away by his well-known antagonism toward organized labor, the mayor is not more willing to jeopardize the city's interests than to conserve them.

WILL BORDEN HAVE THE TEMERITY?

The products which the Maritime provinces have to sell in the United States market are fish, fruit, lumber and coal. These are on the free list. Quebec has potatoes and hay to sell. These are on the free list. Ontario has wool, mutton and beef. These are on the free list. British Columbia's products are similar to those of the Maritime provinces. The prairie provinces have wheat, flour, oats and flax seed. Upon these there is a contravailing duty, which can only be lifted by the Borden government cancelling the duties against the same products entering Canada from United States.

Borden has hereby the opportunity to administer additional punishment upon the west for having refused to endorse his anti-reciprocity stand at the last general election. Will he have the temerity?

GAS QUESTION SAFE IN THE HANDS OF THE ELECTORS.

If the effect of the city council's action upon the gas question terminates in the electors being given the choice between private and municipal gas, no citizen can have much quarrel with this outcome, so long as the test is fairly submitted. In order to be fair, however, it would be necessary that the plebiscite be submitted at some such date as the municipal elections, when a complete record of the preferences of the citizens can be obtained; and it would also be necessary that all proposals from whatever source be before the citizens.

In the event of such a test, there is no possibility that the

gas franchise will be given away. The citizens of Edmonton understand the situation altogether too well to tie themselves up to a 20-year contract at a time when they have such eminent authority as Messrs. Clapp and Huntley specifically advising them against this course.

Attacks by members of the council upon the reliability of the experts and the value of their report are not likely to influence the electors to any very great extent. The experts probably know as much about gas as any member of the council.

JUST PARAGRAPHS.

One of the judges of the court of appeals bench in New York state characterizes Sulzer as "totally unfit to hold office." If corroboration of Sulzer's bad judgment were lacking it is only necessary to remember that the judge in question was recently appointed by Sulzer.

IMPORTANT SUBJECTS ARE DISCUSSED AT CONVENTION Teachers' Convention Talk Over Matters of Much Interest to Educationalists.

When the teachers met this morning the second day of the convention, the first speaker was W. L. Richardson, B.A., director of technical education in Edmonton, who delivered a very interesting address on "Industrial Foundations in the Public Schools." The next speaker was R. H. Roberts, M.A., Calgary normal school, on "Modern Tendencies in Education." He discussed the open-air schools and the benefits derived from such, and also the vacation schools and the results which had been obtained in the cities which had tried them, stating that the holiday's very often did not afford the relaxation necessary for the body which they were really for, and it was for this that the vacation schools had been tried. After this address the convention divided into two groups, the junior and the senior sections.

Mr. C. K. Flint addressed the senior section on the physical welfare of senior pupils, and in his address he referred to the early Greeks, stating that they spent a lot of time in the study of physical culture, and yet they were in advance of every other nation as far as education was concerned. Later the pupils who sent themselves up in the concrete to study the languages almost forgot the necessity of exercise and neglected it completely, and it existed been handed down to us. In conclusion he stated that if through lack of time the timetable had to be curtailed, it should be the manual study and not the physical exercises.

Miss R. C. Hewitt, B.A., Edmonton, was the next speaker, who talked on the same subject as Mr. Flint. She illustrated her address by an actual demonstration of 12 girls from her class in the Edmonton high school of the kind of exercise they were taught in that school.

Mr. H. Shepherd, B.A., of the south side, also spoke on the same subject. He closed with the question: "How can we secure the best results with the Swedish and Danish drill or the militia?"

SOCIAL AND PERSONAL

THE GAY WORLD.

Mrs. Frank Blackburn received on Tuesday for the first time this season. Mrs. George Hawkins poured tea and Miss Marie Vin and Miss Maloney assisted.

Mrs. Becker has gone to spend a few weeks at the coast.

Tonight at 8.30, there will be a meeting in the church hall, Tenth street, in order to complete the organization of the St. Joseph's branch of the Catholic Association of Alberta. All the men of St. Joseph's parish are expected to attend this meeting.

The commissioners decided not to rent the Edmonton Women's Press club a room in the civic block, unless they like to take it on the understanding that the rooms must be vacated when required. All available space is needed for civic offices, and the Press club must understand that if they take the room it is only temporarily, and liable to a charge of \$1 per square foot floor space.

The "Two Orphans" the masterpiece of the French Artist D'Enery, was presented by the "Cercle Dramatique Jeanne d'Arc" in the original language at the Lyceum Theatre, last night. A packed house greeted the players, and were well rewarded, for it is seldom that an amateur production is so well staged and acted. The play is pure melodrama, and appeals strongly to the audience. The characters were well sustained throughout. The acting of Antonio Price, as the comte de Linieres Le Chevalier de Vandy, by Roy Rolay, La Comtesse de Linieres, Miss Comte, Henriette, and Louise (the two orphans), Miss M. T. Crendall, Miss Lea Cooper, Picard, Thio Blake, Marieanne, Claire Couper, and La Frochard, M. A. C. Hamlet, was exceedingly fine. The only criticism one can make is that, while en-

unciation was good, the voices were pitched too low, making it most difficult to follow the lines. The "Cercle Dramatique" is to be congratulated upon last night's success.

The Dreamland Dance club will hold their second of a series of informal dances in the separate school hall Thanksgiving night, October 25. Invitations to be presented at the door.

Mrs. Sifton is spending a few days in Calgary. Mrs. Sifton is returning with her for Thanksgiving. Master Raymond Sifton will also spend Thanksgiving in Edmonton.

The marriage of Mr. Walter Walker and Miss Beatrice Gardner, daughter of Mr. J. L. Gardner of Capital Hill, will take place on Wednesday, October 22.

The marriage of Mr. John Camille Landry and Miss Marjorie Clara Beck, daughter of Mr. Justice Beck, is announced to take place on Wednesday morning, November 5, at St. Joseph's church.

Mr. and Mrs. A. P. May have issued cards for an at home on Tuesday evening, October 22, to be held in the McKay avenue school hall.

Mrs. Harry Gowan, Marlborough apartments, Twenty-second street, will receive on the first Sunday in each month, instead of the third Monday as announced.

Mrs. Skinner, south side, was the hostess of a tea on Wednesday afternoon at her residence on Main street. The reception room was decorated with red roses and lighted with candles with shades of rose color. Mrs. Skinner wore a handsome gown of grey, with rose color touches. The first hour Mrs. Robert Douglas, Mr. Harry Wilson and Mrs. MacAllister presided and later these ladies were relieved by Mrs. Seymour Archibald, Mrs. Charles Shaw and Mrs. G. P. Downes. Mrs. P. Jamieson and Mrs. Hockburn assisted in the drawing room. The girl assistants were Misses Helen and Pauline Martin, Miss Wilson and Miss Agnes Wilson, Miss Gladys May and Miss Isabel Miller. In the evening Mrs. Skinner gave an informal dance for the assistants.

RECEPTION. Mrs. T. W. Stern received on Thursday afternoon for the first time since her marriage at her apartment, No. 15 Whyte Place, south side. The rooms were prettily decorated with pink chrysanthemums, and the teatable was lovely with pink and white carnations, lake and dainty china. Mrs. James MacGill poured tea, and was assisted in the tea-room by Miss Charlotte Hughes and Miss Marion Rice. Mrs. Stern was a charming gown of white satin with a tulle of white tulle. A large number of ladies called during the afternoon.

LISTEN MOTHER DO BE CAREFUL

If child is cross, constipated, sick, give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign his little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs" and in a few hours his little waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative" and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 30-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups, plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

SCANDINAVIAN SUPPER. The ladies of all the new Scandinavian Lutheran church, on the corner of St. James and Willard streets, will hold their annual Thanksgiving feast on Friday next.

The festival will begin at two o'clock in the afternoon with a sermon by Rev. F. Carlson of Canmore, and from five until seven the ladies will serve supper in the basement.

A short program, consisting of brief addresses, songs, music, etc., will then be rendered, after which the ladies will hold an auction sale of the articles which it has prepared during the year.

All Scandinavian and others are cordially invited to attend.

PROTESTANT MEETING TONIGHT. Every Protestant is requested to attend the meeting which will be held in the Protestant Presbyterian Church, St. James street, tonight. Questions which have been arising from Protestants at our communion, such as the uniform marriage law, the entire separation of church and state, and the school question, will be discussed. The subjects will be presented in a way that will appeal to the audience.

W. J. Harvey Moore, B.A., late of Essex county, Ontario, will read the "Prayer of the Lord of All Things," Rev. H. G. Stewart, pastor of the Protestant Presbyterian church, Rev. D. Armstrong, pastor of the Wesleyan Methodist church, ex-Mayor C. S. Armstrong, J.P.C. and others, will address the meeting, which will be held at 8 o'clock, and is also especially invited.

The ladies of Westminster church are giving a married ladies' concert at Westminster church on Friday, Oct. 24, at 8 o'clock. Admission 25c.

Edmonton, Alta.—A delightful secret disclosed by a married lady in your possession. Quite inexpensive and decidedly harmless. Send \$1.00 to: W. J. Harvey Moore, B.A., late of Essex county, Ontario, will read the "Prayer of the Lord of All Things," Rev. H. G. Stewart, pastor of the Protestant Presbyterian church, Rev. D. Armstrong, pastor of the Wesleyan Methodist church, ex-Mayor C. S. Armstrong, J.P.C. and others, will address the meeting, which will be held at 8 o'clock, and is also especially invited.

The play itself, depicting as it did the troubles which arose in the household of a sports grass widow, was quite funny, and evoked many a hearty laugh as the plot developed.

While it cannot be said that the social abilities of the members are of sufficient merit to write home about, yet there were times when, with the aid of excellent music, it elicited more or less applause.

Oliver's Fall was full of wit and punnery and did herself full justice. She proved to be an actress of high merit and was given evidence of sincere appreciation. J. L. Oliver acquitted himself very creditably as "Jack Hamilton," the "independent" husband, while John E. Frank in the role of "James Anglerwood" was an exceedingly good deal and his depicting was of a character that was very instructive.

Nellie Waters as "Ethel Baily" and Marjorie Dow as the mother-in-law came in for their full share of plaudits.

Taken altogether, "The Girl From Mums" is a thoroughly amusing comedy and should draw crowded houses during the remainder of the week.

WOMEN'S MUSICAL CLUB. An interesting program of varied numbers will be offered for the enjoyment of the members of the Women's Musical club tomorrow (Saturday). The names of several of the numbers are well known, while there are one or two whose introduction will not be a pleasing addition to the concert.

For the benefit of new members the extra concert would remain that the meeting place is the lecture room of the Presbyterian church, and the time 7.30 o'clock. Any member not having paid her fees will confer a favor on the secretary by arriving a little earlier, and doing so before the commencement of the program.

Program—Sonata in F, Minor, Op. 2 (Beethoven); (a) Allegro, (b) Adagio, (c) Minuetto and Trio, (d) Presto, (e) Scherzo, (f) "The Bird" (W. G. "IN AND OUT" AT PANTAGES THEATRE ALL NEXT WEEK

Other Good Features Will Entertain Patrons of This Theatrical Arena.

To be greeted in the most cordial manner and treated like a friend of the family, after one has managed to climb in through the window of the wrong house would tax the credulity of most people, but that is exactly what happens in the sketch "In and Out" which appears at the head of Pantages bill next week. The playlet is by Porter Emerson Browne the well known dramatist author of "A Fool There Was" and has appeared here before, being a headliner over the Orpheum circuit last season. Captain Picard has for years been recognized as one of the leading animal trainers of the country, devoting his attention to teaching those strange animals of the northern seas, the seals, to perform various difficult stunts. His act will be particularly pleasing to the young people who will enjoy the antics which those sleek little aquatic beasts go through. "Alto-Clang" is the name of a new and novel skit which Leslie and Sol Berns will introduce. Lovers of syncretized music will have plenty of that class during the act as well as some of the latest dances which are being performed in the cabarets in New York. Particularly new and novel will be a step which Mr. Berns recently learned in Brazil and which is claimed has far exceeded the popularity of the Tango, and other kindred steps in the east. Added lustre will be given the bill by the appearance of Blanche Gordon, a melodious young lady, who sings some of the latest works of the song writers. The White Duo a team of dancing acrobats and equilibrists will open the bill.

Mlle. Dazie Defines Attractions of Stage

Dramatic Work of Any Kind Inspiring—Handicapped by Many Disagreeable Features.

Mlle. Dazie, who appears at the Empire theatre the first half of next week as the featured member of the cast presenting "Pantaloons" was asked recently to define the attractions of her profession.

"As an art," said Mlle. Dazie "dramatic work of any kind is inspiring. As a profession it is handicapped by many disagreeable features. Greatest of all is the complete sacrifice of home life and family ties. There is the continual hardship of travel, irregular hours and the pangs of disappointment. On the other hand, it is filled with many joys denied workers in other fields. The child over the ability to sway a gathering by look or gesture, the knowledge that one possesses the power not only of changing the feelings of the audience, but making that audience think the feeling that one has the power of entertaining a thousand persons at once, of converting them from disgruntled and dissatisfied men and women into happy and contented ones, of being able to mold their thought temporarily at least—these are some of the acute joys of our professional work. There is a selfish side—the monetary end of it. Few professions pay better. We all enjoy what money brings."

Charged With Perjury. On information laid before Judge Walsh, a warrant was sworn out for the arrest of Dan McGuire, charging him with perjury in giving evidence as the defendant in the case of Collins vs. McGuire in civil court.

McGuire was traced as far as Caledonia by the R.N.W.M.P., where he managed to evade the officers by catching a train for Saskatoon yesterday. He was arrested at the latter place last night, and is being brought back to Edmonton to stand trial.

Final Hearing of Western Freight Rates on Nov. 24th

Chairman Drayton of Board of Railway Commission Issues Statement Showing Why British Columbia's Request for Detailed Information is Refused.

Ottawa, Oct. 17.—The final hearing of the western freight rates case will open in Ottawa on Monday, November 24, and the expectation here is that it will continue for at least a week. At a late hour this afternoon Chairman Drayton handed out a somewhat lengthy memorandum dealing with the matter. This document states that Messrs. Lewis and Smellie of Ottawa, acting on behalf of the province of British Columbia, had applied for an order directing the Canadian Pacific Railway company to file with the board certain information which is stated to be required for the proper preparation of the Board's Columbia case.

Information Asked For.

The information asked for is in part as follows:

1. A statement showing the amount of through freight transportation over the railway in British Columbia during the months of April, May and June 1913 and 1914; the place of origin and destination of such freight; the nature of each shipment; the total charge made therefor; the amount of credit allowed to the British Columbia division on each such shipment, and whether the same was a carload, or less than a carload shipped.

2. A statement showing the ton, ton miles and local revenue for each of the four western divisions, and the proportion of inter-division or through ton miles and revenue apportioned or credited to each of such divisions, for the fiscal years ending June 1911, 1912 and 1913, or for such other fiscal year as the railway has selected.

Will Require Six Months.

The memorandum continues: "This question has been taken up with the board's traffic officer, who has advised me that it is possible to get this information at all, it will probably take at least six months to prepare it. On referring to the file, I find a sitting was held in Montreal (presided over by the late chief commissioner) on January 29, 1911, and that certain items were then made by Mr. McDonald, representing British Columbia, for information of the character now asked for, and attempts were also made by him to secure it by subpoenaing the proper officials of the company. I find that for instance, in cross examination, Mr. Mole was pressed as to the amount of the through tonnage on the amount of the local tonnage on the British Columbia division, and he answered that no such statistics were kept by the company. His further cross examination showed that it would take several months, with a large staff of clerks, to complete the statistics and present in order to complete the statistics it is necessary to go back to the original work. On the evidence given, the board did not make and could not very well have made) an order directing the production of statistics which did not exist. Certain other forms and information then asked for by Mr. McDonald, and which the company could produce were first asked for by Mr. McDonald, and then by the board, but the late chief commissioner, on February 12, 1912, when Mr. McDonald appeared for an immediate order, pointing out that two years had gone since the application was made, and he did not seem to be at any loss in the presentation of his case by the fact that the information now asked for was not available.

Shortly afterwards or about this time, the Vancouver case was incorporated into the general western freight rate inquiry and the next item for information such as that now asked for was made by Mr. McDonald on July 29, 1912, when at a sitting of the board presided over by the assistant chief commissioner, he requested that the board itself should appoint a person or persons to inquire into the different matters on which he desired information to be specifically given. It

was pointed out that some of the information was already on file and no order was made. The record is altered too long to go over at this stage with a view to see how much of the information now applied for is available. Your letter July 29, 1912, and many requests for information have been made, granted or refused. I, however, notice that at the last sitting requests were made for additional productions by counsel, and the direction was then given that if anyone desired further information he should apply by letter as soon as possible, and that in the event of difficulty the board should be communicated with. Following up the direction Mr. McDonald wrote the board on July 18, 1913, that he had applied to Mr. Langin, of the C.P.R., for information as to rates on different commodities between different points. That it was understood that the information would be forthcoming at once; that it had not been received and that an application would be made to the board in regard to it, and further in answer to a letter from the board requiring particulars as to the information required, Mr. McDonald on July 29, 1913, wrote:

"Your letter July 29, 1913, received. Mr. Langin has given the information desired."

The company says it has not the information desired, and that statement was confirmed by several witnesses before this case proper was heard. I can well understand the application being made by the present counsel as they probably have not had time to read over all the evidence dealing with Mr. McDonald's application for additional information such as that now asked for, and without which he completed his argument in the Vancouver case.

Decision Arrived at Shortly After Noon Today—Receives Verdict in Silence.

Albany, N.Y., Oct. 17.—William Sulzer no longer is governor of New York.

A few minutes before noon today the high court of impeachment, by a vote of 43 to 12, removed him from office. Senator Wendt and Judge Culver acted themselves from voting.

The proposal to annually Sulzer from ever again holding a place of honor or trust in the state, was voted unanimously with the exception that Judge Culver did not vote.

The governor received the news of his removal in silence, at the executive mansion, where he had waited all morning to hear the result.

The capital of the state, Albany, was in a state of excitement. The city was filled with people who were waiting to hear the result of the impeachment.

Prominent Grain Dealer Thinks Farmers Would Be Injured.

Winnipeg, Oct. 17.—The Free Press this morning publishes an interview from a staff correspondent at Regina with C. A. Dunning, manager of the Saskatchewan Co-operative Elevator company, who was appointed by the Saskatchewan government on a committee of three to make investigation of farm credits. This committee visited the old country and made a study of economic conditions. Mr. Dunning, in his interview, states that the grain commission will issue regulations shortly which will establish sample markets in Winnipeg and Port William some time in December, and that in his opinion a sample market under the present conditions would not be of benefit to the farmer, for the reason that a sample market means the mixing of grades in terminal elevators and there would be no object in buying grain on a sample market except with the object of mixing grades to the minimum. Mr. Dunning further states that, though the Canadian farmers seem to be of the opinion that the sample market would benefit them, on the contrary, it would have the effect of depressing the price.

MANITOBA JUDGES ASK FOR INCREASE IN WAGES

Hon. C. J. Doherty Stated He Could Not Treat Them Better Than Others.

Winnipeg, Oct. 17.—It is impossible to treat the judges of one province differently from those of another, said Hon. C. J. Doherty, minister of justice, last night in reference to a delegation of county court judges of Manitoba, who are asking larger remuneration for their services on the ground that the cost of living had gone up. The minister promises to consider the request.

Chicago dramatic critic says whisky city's radio is full of "action," there are some of the "play" books, "Mumming for Dummies," "Stop Thief," "The Fight," "All About," and "The Trip to Washington." Guess he's right.

They Can't Stop Drinking

"I can stop when I want," is a frequent expression, but why don't the drinker make good his boast? Why don't he quit? When a man brags he can stop drinking, he usually means he can stop when he usually reaches the point where he cannot stop. He is in need of treatment. The only remedy which is a harmless vegetable remedy that will transform the terrible craving for liquor into a healthy aversion for anything alcoholic is three drops of the Dr. Williams' Pink Pills for Pale People. If you are drinking you should look these up. If you have a friend who needs help, use your investigation. Write or telephone for book of information.

Stomach Always Baulked, Had Constant Indigestion

Smell of Cooking Made Him Sick—Billous Two Days a Week.

Cured by Dr. Hamilton's Pills.

Mr. Clemmons' experience is not unusual. Numerous poor stomachs are more the rule than the exception. But the proper treatment is sure to cure a quick cure. You can always depend on Dr. Hamilton's Pills, they reach the trouble at once, go right to business, work while you sleep and have you feeling better if not cured next morning.

"My food seemed to decompose in my stomach," writes Mr. Ralph Clemmons, of Newburgh, P. O. "I had a stomach that failed in some way to perform its work. Digestion seemed more or less arrested and I grew thin, yellow, nervous. The stomach became distended and impeded apparently the action of the heart, for often at night it would do great stunts. At times I would vomit a mucous mass, and at those times my head ached most terribly. A friend who had been cured of a similar condition advised me to take Dr. Hamilton's Pills regularly, which I did. The result in my case was simply marvelous. Dr. Hamilton's Pills removed the cause, strengthened the stomach, excited the liver to normal action, the sleepers were released of excessive work. Health soon grew within me. I can now eat, sleep and live like a live man."

Be advised—use Dr. Hamilton's Pills—they are sure to do you good. 25c per box, five for \$1.00, at all druggists and storekeepers or by mail from The Caturrhoea Co., Buffalo, N. Y., and Kingston, Canada.

POLICE COURT

Charged With False Pretenses.

Numerous complaints received by the police recently from persons alleged to have been duped by fake auctioneers, resulted in the arrest of Dave Frankford and Bob Williams on the charges of false pretenses.

These men operate the Empire Jewelry company at 627 First street. One of the articles of jewelry put up daily to be sold at a "shamefully low price" was a watch stamped with a Grand Frank watch mark. The watch is declared to be of 21 jewel movement and is offered for sale as such, and said to be valued at \$25.

An inspection of these watches is said to reveal the fact that the "jewels" are made of celluloid. The watch costs but \$2.25. Williams is said to have sold one for \$7 and Frankford sold another for \$25. They were arrested on the charges and released on bail to appear in court next Thursday morning.

A Quick Settlement.
About a month ago Moreva Cerveza, a Spaniard, left a watch to be repaired by the Empire Jewelry company, and left the city on some work. Cerveza, after being away a couple of weeks, sent a \$5 money order for the cost of repairs and requested that his watch be forwarded to him.

He never heard from the firm, and came to Edmonton to investigate. They denied ever receiving the money order, it is alleged, and said they knew nothing of his watch.

Cerveza reported the affair to Inspector Shindler, and proceedings were started against Williams with the result that a quick settlement was made with the Spaniard out of court.

A week ago Henrik Jansen and Olaf Sned declared that Jansen had been given a deed of a bargain at 11 Ivonne's store, 817 First street, to the tune of about \$7, and a good catch in exchange for another that proved unsatisfactory. The two men were reported to the police, and Detective McLean accompanied them back to the store, where a settlement was effected. Prosecutions against other fake jewelers have been instituted and witnesses are being summoned.

Shop-lifting.
Mrs. Cynthia Taylor, wife of a respected resident of the city, was arraigned in police court yesterday morning charged with shop-lifting. It is alleged that upon leaving a department store she took a pound of coffee, and was passing out the door when she was apprehended.

When arraigned before Magistrate Massey, the woman pleaded guilty and was given a suspended sentence, upon recommendation of the store that it did not wish to further prosecute her.

The Retail Merchants' association issued an ultimatum to the effect that cases of shop-lifting in the future will be vigorously prosecuted regardless of the prominence of those caught.

Minor Cases.
Carl Ohls, when arraigned in court on the charges of assaulting Constable Smith and creating a disturbance, said he didn't remember anything about the affair. Magistrate Massey gave him 20 days to refresh his memory.

John McLean pleaded guilty to making unnecessary noise and was taxed \$4 and costs of 10 days.

The charge of false pretence preferred against Homer Barry by Wah Sing, invading house, was withdrawn with costs to the complainant.

The case of A. McKenzie, auto speeding, was adjourned to October 22.

Come any day at 10 a.m. and 2 p.m. and have a free auto ride to see this new town. Any time of day by appointment.

ORGANIZE ALPINE CLUB IN CITY

Successful Meeting Held and Officers Elected—Starts With Large Initial Membership.

The Edmonton members of the Alpine Club of Canada met on Wednesday evening in McKay avenue school for the purpose of organizing a local section of the club. Mr. P. S. Bailey occupied the chair and the election of officers resulted as follows:

Chairman, E. J. Fuller; secretary, treasurer, Neville R. Lindsay; committee, Miss Kit Sharpe, Miss K. Walker, Mr. P. S. Bailey, and Mr. J. C. McDougall.

A. O. Wheeler, director of the club, and Prof. Coleman of Toronto University were made honorary members. Up to the present there have been organized seven branches of the Alpine club. These are at Toronto, Winnipeg, Calgary, Vancouver, Victoria, New York and London, England. Edmonton is the eighth city to form a local section and the organization will have a membership to start with of about 25. This is considered very satisfactory in view of the fact that one year ago there were only five Edmontonians present at the annual camp held at Vermilion Pass.

It is expected that from now on the people of Edmonton will take a greater interest in the mountains, particularly those parts of the Rockies lying immediately to the west. During the past summer the Alpine club held a camp at the base of Mount Robson for the purpose of exploring a mountain region of which little had been previously known. Such attempts were made possible by the conjunction of the C.P.T. to a point which made this region accessible. In future camps will be held frequently along the line of the C.P.T. and lovers of mountain climbing realize in the city will not be slow to take advantage of the convenience which this will afford.

JESUIT COLLEGE TO BE FACTOR IN LOCAL SPORT

New College Organizes Athletic Association Will Have Hockey Team

That the New Jesuit College will be a factor in Athletics in Edmonton in the future was evidenced yesterday when the college announced that at an enthusiastic meeting of the students an Athletic association was formed with Chas. Turgeon, president; Gerard Blais, vice-president; Paul Poirer, secretary, and Anthony Gorman, treasurer. Mr. Blais is the superintendent of athletics. The first athletic team which the college will put in the field will be an hockey team. Preparations are already under way for selecting a good team in this department and it has been found that there is very good material available.

SNOW FALLING AT REGINA.

Regina, Sask., Oct. 16.—Snow began falling at 9:20 o'clock yesterday and snowing was again postponed. Hon. W. R. Motherwell, minister of agriculture, said he did not anticipate any serious result from recent snow fall, but what was formerly line wheat may be dropped in grade as a result. Some grain may be threshed today by anxious farmers. The movement of crop this year has shattered all previous records and but for the ice resulting from recent storms, the railways would have been used.

It is claimed that if the window glass has been splintered with paint, the latter can be entirely removed by washing with very hot water and nailing the glass with it.

Amateurs May Be Permitted To Play With Professionals

A. A. U. May Pass Ruling at Next Meeting Which Will Revolutionize Canadian Sport.

Ottawa, Oct. 17.—Announcement is made from the headquarters of the Amateur Athletic Union of Canada at Montreal that the A. A. U., at its annual meeting next month, will make an unexpected departure that may revolutionize sport in Canada. It is said that plans have been under consideration for some time, and that the government body will pass a rule allowing amateurs and professionals to mingle on team competitions without jeopardizing the status of the "simon pures," providing they take out the usual affidavits.

Dr. Tees, president of the A. A. U., declines to discuss the matter, but will not deny that such a move is contemplated. The change is said to have been agreed upon because of the very unsatisfactory muddle now existing in the eastern soccer circles, as the D. F. A. is at war with the Canadian association because of the refusal of the former to consent to the playing of professionals, as is done in England. Another report is to the effect that the A. A. U. will modify its plans and raise the ban only on soccer players.

RADIAL CALLIE GAME SHOULD BE GOOD CONTEST

Soccer Match Saturday for Charity Shield May Be Last Big Game of Season.

Perhaps the Radial-Callie soccer football game which is to be played at Diamond park tomorrow afternoon will be about the last of the games for this season. These two teams met to play for the Charity shield. The Callies have been going strong of late and will doubtless win the game but the Radials have a good team and have been working hard to round into shape for Saturday's game and those who know the team state that they will give the Callies a hard rub and some are willing to wager that they will score. The match should be an interesting one at any rate. The game will be called at 5 o'clock and may be the last of a game between two public school teams.

SENATOR ALDRICH ATTACKS WILSON

States That His Currency Bill is Socialistic and Unsound.

New York, Oct. 17.—Former Senator Nelson W. Aldrich, of Rhode Island, last night attacked the Wilson administration's currency bill, now before congress, which he declared embodied the theories of William J. Bryan. He denounced the bill as unsound, socialistic and revolutionary, characterizing it as "an attempt to secure by partisan legislation, the triumph of the doctrine and principles which had received the repeated condemnation of the American people at the polls." He quoted from Woodrow Wilson's writings, to indicate that the president in his earlier days had entertained beliefs contrary to certain provisions of the bill. If the house bill should be enacted into a law, Mr. Aldrich asserted, "Mr. Bryan will have achieved the purpose for which he has been contending for a decade."

Mr. Aldrich's speech was delivered at the closing session of the national conference on currency reform. He made no reference to the so-called Aldrich plan for currency reform. He opposed many features of the Glass-Steagall currency bill, but directed his strongest criticism at the provision dealing with the issue of the government notes and providing for a central government bank with supervision over the system as a whole.

CROMWELL SUES HEINZE ON NOTE FOR \$276,000

Copper King Claims He Was Defrauded by Edwin Gould and Others

New York, Oct. 17.—Answering the complaint in a suit brought against him in the supreme court by William Nelson Cromwell to recover \$276,000 on a note dated October 2, 1907, Fritz Augustus Heinze, the copper king defamed by the county clerk that he had been defrauded by Edwin Gould and others through the agency of Charles W. Morse, and the late miles O'Brien, one time president of the seventh National bank, filed a counter-suit. The Cromwell suit is one of four recently brought on notes given by Heinze when he obtained control of the Mercantile National Bank. Mr. Heinze asserts that Mr. Gould engaged Morse and O'Brien to unload upon him 7,000 shares of the stock of the bank, as well as an option to purchase 1,000 more shares at a price that would be favorable to Heinze, but as a matter of fact was favorable to the sellers.

The Gould representatives, the answer alleges, misrepresented the condition of the bank. WEDDING GIFTS ON EXHIBITION. London, Oct. 17.—The wedding gifts will be placed on public exhibition in the Victoria and Albert museum. One shilling admission will be charged, and the proceeds will be devoted to the relief of the sufferers of the Welsh colliery disaster.
